

CONSTITUTION CONFERENCES ARE DESIRED

Alberta Seeks Action on Amending of B.N.A. Act

Action in bringing about "necessary changes in the British North America Act of 1867 to 1880 to enable Canada to amend its own constitution, subject to such terms and provisions as may be agreed upon, was approved by the legislature on Thursday when a resolution to this effect, moved by Premier J. R. Brownlee, was adopted.

In adopting the Premier's motion, the house did so after rejecting an original motion moved by C. F. C. Jamieson, Conservative, Edmonton, and three sub-amendments.

As a result of the action agreed upon by adopting the motion, the Dominion government will be urged to convene as soon as possible a conference with the provinces to seek the "necessary changes."

Hugh J. Montgomery, Liberal, Wetaskiwin, on behalf of L. A. Giroux, Liberal, Grande Prairie, moved the following amendment, which was rejected:

"That in seeking such power and that in the event of ordinary amendments the provinces should be consulted and a majority consent of the provinces and in the event of vital and fundamental amendments unanimous consent of the provinces should be obtained and so resolved in the first paragraph of the 1927 Dominion-Provincial conference."

A further amendment, submitted by D. M. Duggan, Conservative leader, also was lost.

The original Jamieson motion was that no amendments to the B.N.A. Act should be made without the consent of the provinces, insofar as they were concerned amendments affecting the province.

DAKIN LEADS ATTACK UPON HIGH SALARY

Beaver River Liberal Moves for Slashing by \$2,000

Continuing his policy of attacking the higher government officials salaries, H. S. Dakin, Liberal, Beaver River, in the legislature on Thursday, during discussion of treasury department estimates, moved the salary of H. A. Carpenter, chairman of the Board of Public Utilities Commission, be reduced from \$7,200 to \$5,200 and that Commissioner E. J. Frank be reduced from \$6,000 to \$5,000. The motions were defeated by the large margin.

George Weir, Liberal, Calgary, sought information on the vote of \$3,000 for administration of the province, which was charged to the capital, and he submitted that it should have been included under the vote.

Replying, Hon. R. G. Reid, provincial treasurer, said that the vote was for the administration of the province and that the money would be paid back from tax collection.

So far the areas had not been revealed, but it is expected that lands, including areas, would begin flowing in at that date, when the amount now carried under capital account, would be paid.

J. J. Bowen, Liberal, Calgary, expressed his appreciation of the manner in which the government had carried on its work in that area. It was a difficult problem. The area was now in good shape with stock going up the land and the money was well invested.

He supported the amendment.

TO BE UP-DATE

L. A. Giroux, Liberal, Grande Prairie, said there was a feeling that the constitution had to be amended to come up with the times. If this were to be done there was no escaping the fact that there had to be agreement. He submitted that while there were sharp differences of opinion, he thought that there was substantial agreement with the Dominion-Provincial conference.

Premier J. R. Brownlee has indicated that several of the provinces referred to confidence again change to the Dominion-Provincial conference. To get anywhere, said Mr. Giroux, consent of the parties would have to be obtained. As a Canadian he was anxious to see that the British parliament should never grant amendments until consent was obtained. He thought that on that vital and fundamental question there should be a majority in obtaining unanimity.

Mr. Giroux quoted excerpts from a statement by the Premier, Mr. Brownlee, who had participated in the H. A. Giroux, then minister of justice and Hon. Arthur Meighen, then leader of the Conservative party. Mr. Giroux also quoted from the official press of the 1927 conference at Ottawa, as follows:

"The question of procedure in amending the B.N.A. Act was the subject of discussion during the entire session of the conference. This item of the agenda was introduced by Hon. Ernest Lapointe, minister of justice. In effect the question in question was what Canada would do to ensure equality of status which she now enjoys as declared at the Dominion-Provincial Conference and in view of the cumbersome procedure now required, should the provinces be asked to amend her constitution and that legislation should be referred from the United Kingdom for that purpose. In order that adequate consideration should be provided it was proposed that in the event of ordinary amendments being contemplated the provincial legislature should be consulted and a majority consent of the provinces obtained."

MINORITY RIGHTS

"And in the event of vital and fundamental amendments being sought involving such questions as provincial rights, the rights of minority rights."

Estimates Of Drumheller School Board To Stand

DRUMHELLER, March 24.—Drumheller school board estimates, amounting to \$84,941.44, were approved by the board of trustees at a meeting held last night. The board is referring the estimates to the school board for further action.

At a meeting of trustees Wednesday night it was decided to return the estimates without change, although the trustees expressed their disapproval of the proposed reduction of provincial aid, which would result in approximately \$700 difference to actual financial loss.

redistribution In Alberta Before Next Election

General Belief Membership To Be Considerably Less

Legislature Will Probe Entire Question of Representation

Alberta's political constituencies will undergo a redistribution prior to the next provincial general election, which will be held at the latest by the 1935 session of the legislature. This was decided in the legislature on Thursday, when the house adopted the following resolution:

"That before the next general election consideration should be given to the number of constituencies as well as the boundaries thereof, in order that proper and equitable representation in this assembly may be effected on a reasonable basis of cost, be it therefore

"Resolved, that a committee of this assembly, consisting of not more than 16 members be appointed by Mr. Speaker for the purpose of considering the question of the redistribution of the constituencies, and that such committee be empowered to recommend to the assembly any plan for the redistribution of the constituencies, and that such committee be authorized to call upon any person for information in connection with the redistribution of the constituencies."

This motion was moved by Hon. C. L. McPherson, minister of public works, and in the debate which followed, the motion was moved by George H. Webster, Liberal, and a sub-amendment, moved by Hugh C. Farthing, Conservative, was adopted.

Mr. Webster had moved that redistribution be carried out by an independent commission.

PLAN SHARP REDUCTION

Mr. Farthing moved that the membership be reduced to 45 from 62, that representation be by population, and that the number of members of voting be brought into being.

The Farthing sub-amendment was defeated by 30 to 25, with only the Conservatives and Norman Hamilton voting for it. While Mr. McPherson's amendment carried by 45 to 13, with Mr. C. L. McPherson, Liberal, and G. E. Cruikshank, Independent, voting for it, and Mr. Webster, Liberal, and Hugh C. Farthing, Conservative, voting against it.

Notices are out for the annual meeting of the Northern Alberta Showmen's club which will be held in the Exhibition offices at the arena on Monday evening, April 3, at 8:15 o'clock. The annual ball will be held at the same afternoon at the Edmonton Spring Show.

DRIVER ESCAPES RUNAWAY CRASH

Everything was peace and quiet as James Gardner drove his horse and two-wheel cart along 96 street at 3:30 p.m. Thursday. But when he reached the Canadian National railway crossing on 96 street and an unknown man walked into the side of the nag—the excitement really started.

Suddenly frightened by the assault, the horse did a left wheel and dragged Gardner and the cart behind it, tore west along the tracks. The buggy ride along the side of the platform the horse and rider turned south. Planning over the edge of the platform the horse and rider jumped in the air. The race continued with the horse doing a dash over 104 avenue to the premises of the Prairie Horse Manufacturing company's warehouse at 101 104 avenue.

There the big stampede reached its climax as the frightened horse and rider plunged through the warehouse door and into the street, suffering injuries to his knee and back, while the horse sustained a few minor cuts and bruises.

BY LAWS BODY WANTS CHANGE AUTO SIGNALS

Would Discontinue Traffic Lights at 102 Ave. and 101 St.

Automatic traffic signals will be discontinued at the intersection of 102 avenue and 101 street if the recommendation of the civic bylaws committee is accepted by the city council. The committee made this decision at its regular meeting Thursday.

This question was brought to the attention of alderman by A. Cristall, proprietor of the Royal George hotel, 101 street, who claimed that the intersection of 102 avenue and 101 street to reach Jasper street, would cause a traffic jam, which would be regulated by the traffic signals. He maintained that it was detrimental to his business.

W. ROSS ALGER TRIAL NOW IN ITS FIFTH DAY

Hundreds of thousands of people are flocking to the trial of W. Ross Alger, charged with the murder of J. P. Frawley, which is now in its fifth day.

REMOVAL SUGGESTED

Asked whether he had any suggestion as to where the trial should be held, Mr. Cristall suggested the removal of the trial to the intersection of Jasper street and 101 street (McDougall), where the trial would be held in a more convenient place.

Ald. J. C. Gibbs asked what expense would be involved by such a change, and City Engineer A. W. Haddow was asked if it would cost about \$100. The engineer stated that the McDougall corner was just as busy as the other two corners where lights are now in operation.

There were more traffic complaints at the other intersections, however, he said. These included the facts that the street cars turned at Jasper and 101 street, and the "viaduct" at the 102 avenue intersection.

Ald. J. H. Ogilvie then moved that the use of lights at 102 avenue be discontinued, and that the trial be moved to the intersection of Jasper street and 101 street.

Application of C. E. Tupper for the operation of a car gasoline pump at 102 avenue and 101 street was granted by the committee. This pump was installed when a permission had been secured from the city, and is located in an area which the committee now set aside as residential area.

Ald. J. H. Ogilvie then moved that the necessary change be made in the bylaw to provide for the operation of Mr. Tupper's business.

Mr. Tupper's business was found to have no objection to such a change, and the committee recommended that the master painter's license fee be tabled on the motion of Ald. Rice.

Mr. Plunkett declared that he had not been instructed to make an audit of the company's books, but simply to trace certain transactions.

LEGAL BATTLE WAGED

A legal battle waged over the trial of W. Ross Alger had continued for several days, and the trial was now in its fifth day.

Mr. Plunkett declared that he had not been instructed to make an audit of the company's books, but simply to trace certain transactions.

Mr. Plunkett declared that he had not been instructed to make an audit of the company's books, but simply to trace certain transactions.

OPTIMISTS HEAR HORACE SEYMOUR

"Town Planning and Beautifying" was the subject of an address given by Horace Seymour, town planning expert, to the Edmonton Optimist Club at their regular bi-weekly dinner meeting at the Corona hotel Thursday night.

The speaker emphasized the importance of planning now for the normal growth of the city, which is bound to increase as conditions improve. The pictures shown illustrated the remarkable comparison between the present and the future of the city.

Slightly Lower Temperatures Here

Although temperatures are forecast to be in the 40s and 50s, the weather is still in the 30s, and the temperature is slightly lower than yesterday.

The speaker emphasized the importance of planning now for the normal growth of the city, which is bound to increase as conditions improve. The pictures shown illustrated the remarkable comparison between the present and the future of the city.

Pilot Matt Berry, Mckenzie Air Services, is scheduled to return to McMurray Friday from Great Bear Lake.

THE FLYING SAUCERS

We recently said "So, little from real fun" the first trial. "Gee, up and get on a log and tell us all I've done is jump around myself all day. You're here to there and then right back in here. I've heard that frogs are funny. Right in your eye you must have springs. I've never seen such jumping. You're a champion, no not a thing to fear."

(READ THE STORY, THE COLOR THE PICTURE)

Why, I don't think I've ever been tricked. I am a real high level. I'm just not used to it. I'm a real high level. I'm just not used to it. I'm a real high level. I'm just not used to it.

There's nothing I can say. I'll hold two sticks high. The other one I'll hold one stick high. The other one I'll hold one stick high. The other one I'll hold one stick high.

Well, Conny said, "We're Tintin-land to go. We're Tintin-land to go. We're Tintin-land to go. We're Tintin-land to go."

You'd be surprised if you knew the places we have been. We've been to the moon and back. We've been to the moon and back. We've been to the moon and back. We've been to the moon and back.

There's nothing I can say. I'll hold two sticks high. The other one I'll hold one stick high. The other one I'll hold one stick high. The other one I'll hold one stick high.

Well, Conny said, "We're Tintin-land to go. We're Tintin-land to go. We're Tintin-land to go. We're Tintin-land to go."

You'd be surprised if you knew the places we have been. We've been to the moon and back. We've been to the moon and back. We've been to the moon and back. We've been to the moon and back.

There's nothing I can say. I'll hold two sticks high. The other one I'll hold one stick high. The other one I'll hold one stick high. The other one I'll hold one stick high.

Well, Conny said, "We're Tintin-land to go. We're Tintin-land to go. We're Tintin-land to go. We're Tintin-land to go."

You'd be surprised if you knew the places we have been. We've been to the moon and back. We've been to the moon and back. We've been to the moon and back. We've been to the moon and back.

There's nothing I can say. I'll hold two sticks high. The other one I'll hold one stick high. The other one I'll hold one stick high. The other one I'll hold one stick high.

Well, Conny said, "We're Tintin-land to go. We're Tintin-land to go. We're Tintin-land to go. We're Tintin-land to go."

WHEAT FUTURES UNDERMINED ON WINNIPEG MART

WINNIPEG, March 23.—Lack of export and weakness in outside markets has caused wheat values in a week to drop on the grain exchange here today, and further selling of soft winter wheat nature accounted for lower prices.

May closed at 84 1/2, July at 80 1/2 and October at 76 1/2.

Locusts were much smaller than yesterday and there was no speculative support at any account although in the last half hour of trading the market rallied from the low points.

Cables were quiet and Liverpool was unable to confirm much import trade in eastern wheat. Liverpool and London prices were steady.

Grain for cash wheat and corn prices continued stagnant.

MAGIC CORNER

TRY THIS ONE!
 THE MAGIC NUMBER NINE!!
 WRITE DOWN A NUMBER THAT IS MORE THAN NINE... FIND THE SUM OF ITS FIGURES. SUBTRACT THE ANSWER FROM THE ORIGINAL NUMBER AND THE REMAINDER IS NINE. OR A MULTIPLE OF NINE!! HERE IS AN EXAMPLE: TAKE NUMBER 35. ADD THE TWO THREES TOGETHER, RESULT 6. TAKE 6 FROM THE ORIGINAL NUMBER 35. RESULT 29. A MULTIPLE OF NINE. ALSO 2 AND 7 ARE NINE!!
 CAN YOU CUT A BLACK CROSS INTO FOUR PARTS AND REARRANGE THE PARTS ON WHITE PAPER TO FORM A BLACK SQUARE, WITH A WHITE CROSS SHOWING THROUGH FROM THE WHITE PAPER?
 SEE NEXT WEEK'S MAGIC CORNER FOR SOLUTION!
